While registering on ICEGATE for UIN/Non IEC Holder role, please consider the following points:

I.   The registration process keeps a check on impersonation and repudiation etc. The principal/parent user is given access at the application level with proper role mapping, enabling them to approve or to disable their child user(s).

II.   In case the email ID is already registered on ICEGATE, please check the user ID created against the same, within your organization.

III. At the time of registration, soft copy of the GSTIN Registration, Self-attested scanned copy of the Authorization letter issued by the head of the consulate/Embassy/UN Agency/Govt. Organization, and a soft copy of personal identification document such as passport or Aadhaar or voter ID to be submitted.

IV.   The GSTIN/UIN code entered while registering, displays the information for your verification. Once the registrant affirms their data, further process of data capturing is initiated. In case any rectification is required, the registrant may approach ICEGATE HELPDESK.

V.   All the users are required to use their Digital Signature token (Class III Individual Type), plugged into their systems before starting the registration process. It is mandatory for all the users to upload their Digital Signature Certificate (DSC) at the time of registration.

VI.   While uploading the DSC certificate, if 'PKI applet error' is received, please verify the java setup on your local machines. The local machine requires to have Java version 1.8 or higher to support this activity. For further details, please refer to the detailed guide 'Java Setup for DSC' in Downloads on ICEGATE website (https://www.icegate.gov.in/Download/JavaSetupForDSC.pdf).

VII. In case DSC upload is unsuccessful and the 'Class not found' error is received, please contact your respective DSC vendor.

VIII. Documentation requirements are based on selected role type while registration. The following table lists the type of documents necessary for each user at the time of registration. Please note that all documents uploaded need to be self-attested:

IX. The maximum allowed size for softcopy to be uploaded during registration is 100 KB and should be in PDF format. Refrain from using multiple dot and special characters to the file name.
